

**Research Qualifier Committee**  
for the Robotics Ph.D. Program

**Student's Name:** \_\_\_\_\_

Date of entry to the Ph.D. Program: \_\_\_\_\_

---

To complete the Research Qualifier, the student must form a Research Qualifier Committee consisting of three faculty members and one Robotics Ph.D. student who has completed his or her second year of study. The faculty members should include the student's advisor, one faculty member from the student's research area, and one faculty member from outside the area. All of research, speaking, writing, and TA assistantship make up the Research Qualifier.

**Constituting the Committee - no later than the fall Doctoral Student Review Meeting of the student's second year:**
