

MSR Thesis Committee Form

Return completed form to MSR Program Manager – Barbara (B.J.) Feich.

The Master's student is expected to hold at least two research meetings with each member of their thesis committee individually, discussing his or her research directions. The student is also expected to deliver a complete thesis draft document to the committee sufficiently in advance (two weeks) of the oral presentation to enable committee feedback to be taken into account. The thesis talk must be scheduled well in advance, and occur on a weekday on or before the last day of classes. On-line qualifier forms (writing and speaking) are used by the student's thesis committee members to approve the final thesis document and presentation. Qualifier forms are due the same time as final grades for graduating students. **The Masters Committee must be formed by the end of the student's first year.**
